

A photograph of a modern glass skyscraper at sunset. The building's glass facade reflects the warm orange and yellow light of the setting sun. The sky is a mix of orange, yellow, and grey. In the foreground, a wide, paved plaza stretches out, reflecting the light. Other buildings are visible in the distance, also illuminated by the sunset.

NEEYAMO

**We enable to
pay your talent
– globally!**

Neeyamo's solution – under the hood

Single global payroll engine supporting 160+ countries

Certified Integrators with all major HR Systems

Global Payroll

Global Payroll with Neeyamo constantly challenges the status-quo in an industry that has often seen incremental innovations at best. We empower organizations to manage global payroll powered by our cloud-based payroll solution – Neeyamo Payroll™, giving leaders org-wide, the ability to manage complex payroll processes. Factors that are often regarded as challenges such as widely dispersed employee headcount, technology integration, payroll accuracy, compliance to local regulations, taxation etc., can be handled with ease through our techno-functional solution that can be configured to your needs.

Global Employer of Record

Global EOR at Neeyamo has its integrated payroll & HR-tech suite at its heart. The hunt for human resources when you venture into a new geography can be complex – and it does not stop there! Managing a global workforce, especially when the need is to have a handful of employees in select countries, prove distracting and intensely burdensome for your in-house team. Lack of knowledge of local HR & payroll compliance requirements can add further turmoil. Organizations often find themselves with an inflated HR opex in their efforts to engage and manage their globally dispersed workforce – not anymore!

Experience the power of a
single payroll engine...

**If one world, why many
systems?**
